Ideate

These elements of Design Thinking are the Curricular Competencies, meant to be used in combination with grade-level content from other areas of learning using grade level Applied Skills & Technologies

Share

Make

We are learning the design thinking process

We practice to be designers

We ask questions to find the real problem

We listen, talk + work with others

We know feedback & mistakes help us learn

We share our creations with others

Grade K-3 BIG IDEAS

Designs grow out of natural curiosity.

Skills can be developed through play.

Technologies are tools that extend human capabilities.
